CONVICT LABOR.

System Unfair and Unsound to Competition and Free Labor.

Opponents of convict labor have been given strong ground upon which to base their opposition in the twentieth annual report of the commissioner of labor. The report says:

"Reviewing the general question of convict labor as a competitive factor, it may be said that manufacturers consider such competition unfair and ruinous, demoralizing to markets and business stability and compelling the reduction of prices below a fair margin of profit and often even below the cost of production. Wages are forced to the lowest limit in a vain effort to lower the cost of production to that of the prison contractor. In some senses a deterioration of quality of material used and in others an entire abandonment to the prisoners of the manufacture of certain grades of goods has become necessary.

"In the boot and shoe industry the testimony of manufacturers is that the low cost of production of prison-made goods—a cost decreasing steadily with the increasing efficiency of the convict through the equipment of prisons with improved machinery—has enabled the prison manufacturer to drive the employer of free labor out of the market or force on him a reduction in the regular prices of many lines of goods."

"The manufacturers of shoes are not the only ones affected. Whisk brooms that sell in some markets are practically all from prison shops, crowding out the produce of free labor and causing loss to makers. In wooden butter tubs and barrels the prison product has almost wiped out all other factories.

"In blacksnake whips," says the report, "the prisons have been able, first, to drive out of existence practically all the factories employing free labor, and then to expand to supply the demand of the market."

LABOR TEMPLE PLANNED.

San Francisco Unions to Build a Fine Structure.

The building trades council of San Francisco has had plans made for a new labor temple to be erected in that city which will be one of the handsomest and best equipped structures of its kind in the United States, says the San Francisco Chronicle. The council has acquired the site on the southwest corner of Fourteenth and Guerrero streets, 90 by 140 feet, which will be entirely occupied by the building, a three story Ionic temple. The first floor will be arranged for the main office of the council, offices for members of the council and also for the use of business agents of affiliated unions, reading and billiard rooms, and an assembly room in the rear. The two upper floors will contain ten large assembly halls, with committee and ante-rooms, and a press room equipped and fitted for the exclusive use of reporters and news gatherers. The exterior will be made attractive by large Ionic columns, the harmonious symmetry in the arrangement of windows and trimmings lending the whole a tone of soft but pleasing architectural beauty. The cost of the building is estimated at \$75,000, and P. H. McCarthy, president of the building trades council, states that it will be finished and ready for occupancy in four months.

The Union Printers' Home.

Secretary Treasurer Bramwood's report on the financial condition of the Union Printers' home shows the total receipts for the year to have been \$54,581.42 and the expenditures \$55,906.46, leaving a deficit of \$924.84 for the year and a balance of \$7,496.60 in the home treasury. On a basis of the total expenditures, the cost of maintaining the home was \$380.55 per year for each inmate. It is asserted by the secretary treasurer that a greater revenue for the home must be provided if further additions are made to the buildings or action taken that will add to the cost of the institution.—Typographical Journal.

The Anti-Child Labor Fight.

The campaign against child labor is at last making itself felt among the cotton mills of South Carolina. More than two-thirds of the spindles of the state have agreed to reduce the working hours of employees from sixty-six to sixty-four hours a week, and to sixty-two hours in 1908 and sixty hours in 1910—wages to remain as now. They also endorse the movement for a compulsory education law to apply to children under twelve years of age. Under this schedule it will take six years for South Carolina to reach the Massachusetts standard of fifty-eight hours a week.

Labor and the Church.

Labor leaders of the New England states are greatly pleased by the attitude of the General Association of Congregational Churches, which has adopted a resolution looking toward a better understanding between the church and organized labor.

Labor Notes.

Defeat labor's enemies. A union man's pride is his clear card. Demand union labeled products always. A workman to be a man must be a union man. Stand firmly by your union and the great cause of labor. The eight hour workday must be universal. Aim for that goal. In helping our brother toilers to success we advance our own interests. Elect trades unionists to the positions of honor and trust. They are capable; they are faithful.

The Synchro.

Synchro is a very durable wood. A statue carved from it, now in the museum of Gizeh, Egypt, is reported sound and natural in appearance although nearly 6,000 years old.

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway. We have no secret. We publish. C. C. Ayer & Co., Lowell, Mass.

CHELSEA.

M. E. Huntington of East Brookfield was in town on business Tuesday and Wednesday.

Mrs. Hadlock of the Fabyan house, White Mountains, is in town for a few days, looking after her farm on the west hill, which she purchased of Calvin Goodwin a year ago.

Amos Wright and "Gil" Sanborn are assisting Eugene Kennedy through the cider-making season.

Mrs. Frank Hackett is keeping house for P. A. Dredway and son, Leon, during Mrs. Ordway's absence in Boston.

Mr. and Mrs. John B. Atwood and Mrs. Hadley have returned from Fairlee lake, where they have been in camp for a few days.

Mrs. George A. Tracy returned Wednesday evening from Plattsburg, N. Y., where she spent several weeks ago to visit her mother and sisters, and where she has been detained by a serious illness of many weeks.

Leroy Sleeper and wife of Saranac, N. Y., are in town for a short time, stopping at the Orange County hotel. Mr. Sleeper was a former resident here.

E. O. and O. D. Tracy are boarding at the hotel during the absence of Mrs. Tracy, who is visiting her daughter, Miss Lyle Tracy of Boston.

W. F. Hood is laying a new hardwood floor in his drug store, the work being done by Harvey W. Spear and Arthur H. Mowrey.

Calvin Dearborn and Charles A. Bacon are doing an extensive job of barn repairing for Alvah and Marshall Carpenter.

The selectmen are building a new stone culvert near the residence of Fred C. Waldo.

Low Rate Sunday Excursion.

The Central Vermont railway will run a low rate excursion Sunday, October 14th, between principal stations, coming north on paper train leaving White River Junction at 7:50 a. m., returning on evening train leaving St. Albans at 6:25 p. m.

Thick and Thin skin.

The skin of men and women of some nations, particularly in hot countries, is much thicker than that of others. The central African negro has a skin about half as thick again as that of a European. That of a negro is thickest over the head and back, presumably to form a protection from the sun.

Playbills.

The first playbill was issued from Drury Lane theater, London, on April 8, 1663.

DR. CHASE'S Blood and Nerve Food A Powerful Blood Builder

A Wonderful Flesh Forming Food and Restorative to the Nerves, Because it is Composed of Iron, Salts and Phosphates, that make Blood and Nerve Force.

By replacing the worn-out system with the same essentials of life that have been lost, it creates healthy flesh, muscle and strength, "not fat." It increases the action of the heart and the circulation of the blood, brings back the bloom of youth to the pale and sallow, and gives vigor and vitality to the weak and emaciated. People who are weak and run down, whose vitality and nerve force have become low, those suffering from anaemia, "watery blood," consumption, or disease peculiar to women, must have a blood-making remedy to build them up, and as Dr. Chase's Blood and Nerve Food contains everything that makes blood and is the very essence of nerve force, it is especially adapted for the building-up and cure of all such conditions.

It also cures paralysis, Locomotor Ataxia, St. Vitus' Dance, Spinal Affections, Pains, Despondency, Irritability, Nervous Prostration, Sexual Exhaustion, and all Wasting Diseases of either sex. Weigh yourself before taking it, and see what wonders it will do. The price of this grand building-up remedy is only fifty cents a box. It comes in tablet form.

The Best Ambulance in the City at the Shortest Notice.

CLAY FARM,--- 1 1/2 Miles from this City.

This elegant Farm containing 108 acres, has been placed with us for immediate sale. We believe it would be difficult to find a more desirable place, either as a money maker or in more pleasant location. The place will carry 25 cows, summer and winter, and produces about 70 tons of hay. The soil is especially rich and productive, being well adapted for any crop. Tillage land lays well. Pasture can be plowed, and for its size cannot be beat in the county. The cut gives an idea of the buildings, but the place must be seen to be appreciated. Nice water and plenty of fruit and wood. We will be pleased to show you this property and tell you about the income derived from it. Large photograph at office. Call any time. Open every evening except Thursday.

For full particulars enquire at the
